***Attachment to Advisory Action***

1. Applicants' amendment filed 9/17/2008 has been fully considered; however, the amendment has not been entered given that it introduces new issues that would require further consideration and/or search.
2. With respect to new issue, claim 1 introduces the new limitation "plastisol liquid A which contains a non-aqueous thermoplastic resin." This is in contrast to the earlier amended claim, filed on 4/8/2008, which recited "plastisol A which contains a thermoplastic resin." Therefore, present amendment would require further consideration and/or search.
